NURSING ASSOCIATE OF SCIENCE

About the Program

The associate of science in nursing (ASN) program is part of a 130-year tradition of excellence in nursing education at Aultman. The program combines classroom instruction; hands-on experiences in skills and simulation laboratories; and clinical placements in a variety of settings to prepare you for the national licensing exam (NCLEX) to become a registered nurse (RN).

Career Pathways

As an RN, you can work in a variety of clinical settings: hospitals, physician offices, clinics, surgery centers, and long-term care and rehabilitation facilities.

The ASN curriculum design also provides for progression to our BSN Completion (BSN-C) program, which allows you to broaden your career opportunities and further your education to become a nurse anesthetist, nurse practitioner, nurse leader or educator.

Admission Requirements

- Students who are attending college for the first time must have a minimum of the following:
 - 3.0 high school GPA or equivalency
 - 20 ACT (1030 SAT or ACCUPLACER Next Gen scores: Reading Comprehension of 250+ and Quantitative Reasoning, Algebra and Statistics Score of 263+)
 - 58.7% composite TEAS score and 58.7% or higher on each of the four sections
- Transfer students must have 6 or more credit hours of college course work and a minimum GPA of 2.7 based on the most recent college transcript.

Application Process

Interested students will need to submit a completed application online at *aultmancollege.edu* and submit official high school and college transcripts.

NURSING ASSOCIATE OF SCIENCE

Up to 32 credit hours toward this curriculum may be awarded for previous college-level work.
